AGED CARE

HVTC TRAINEESHIP

Certificate II Community Services - Aged Care

QUALIFICATION

Upon successful completion of the course you will receive a nationally recognised qualification.

SKILLS AND ATTRIBUTES

- Show a demonstrated commitment to Workplace Health and Safety.
- An interest in the aged care industry.
- Must have patience and be courteous.
- Ability to work in a team.
- Be physically fit.
- Have a 'can-do' attitude and approach.
- Good communication skills.
- Strong time-management skills
- Meet immunisation requirements.
- Police clearance.

COURSE DESCRIPTION

This course is for people who work or want to work in a range of residential aged care facilities.

You will learn about the aged care sector, how to provide personal care and support for older people and how to interview and communicate with older people within residential facilities.

CAREER OPPORTUNITIES

Personal care assistant in nursing, care worker, personal care worker, carer.

TERM OF TRAINING

12 months nominal term (1 year).

WAGES

Pay rates are as per the relevant Modern Award.

RESULTS

Our apprenticeship completion rates are significantly higher than the industry average of 50%. That's because our caring staff provide ongoing support and mentoring throughout your entire training.

We employ you direct - looking after your wages, workers' compensation, leave entitlements and superannuation. This allows your host employer to give you the best work experience possible to help you become job ready.

We deliver onsite and offsite skills development training at our HVTC Skills Centre as well as partner with TAFE and other training providers.

HOW TO APPLY

When a vacancy is available the details will be placed online. For full selection criteria and to apply, go to our website.

Gain a nationally recognised qualification through HVTC, Australia's oldest and largest group training organisation.

We have employed and provided training to 18,000 apprentices and trainees for more than 30 years.
