# ELECTROTECHNOLOGY

## AIR CONDITIONING AND REFRIGERATION

### HVTC APPRENTICESHIP

Certificate III Electrotechnology -  
Air Conditioning and Refrigeration

#### QUALIFICATION

Upon successful completion of the course you will receive a nationally recognised qualification.

#### SKILLS AND ATTRIBUTES

- Show a demonstrated commitment to Workplace Health and Safety.
- Practical person who enjoys working with their hands.
- Ability to problem solve.
- Have good eyesight and normal colour vision.
- Good communication skills.

#### COURSE DESCRIPTION

You will learn how to select components, install, set up, fault find, repair and maintain refrigeration systems and equipment that apply to food storage and preservation, air conditioning and air distribution equipment in buildings and premises.

## CAREER OPPORTUNITIES

Air conditioning and refrigeration mechanic.

## TERM OF TRAINING

48 months nominal term (4 years).

## WAGES

Pay rates are as per the relevant Modern Award.

## RESULTS

Our apprenticeship completion rates are significantly higher than the industry average of 50%. That's because our caring staff provide ongoing support and mentoring throughout your entire training.

We employ you direct - looking after your wages, workers' compensation, leave entitlements and superannuation. This allows your host employer to give you the best work experience possible to help you become job ready.

We deliver onsite and offsite skills development training at our HVTC Skills Centre as well as partner with TAFE and other training providers.

## HOW TO APPLY

When a vacancy is available the details will be placed online. For full selection criteria and to apply, go to our website.

**Gain a nationally recognised qualification through HVTC, Australia's oldest and largest group training organisation.**
